

# Empowering Inclusion

## *The Windermere Disability Icon Explained*

### ***Cogs with Infinity Symbol***

Represents neurodiversity, including autism, ADHD, and other cognitive variations that shape thinking, behavior, and interaction.

### ***Audio Waves***

Symbolises hearing disabilities, including deafness, partial hearing loss, and auditory processing challenges affecting communication.

### ***Brain Cogs***

Symbolises cognitive disabilities and mental health conditions, including learning differences, psychological disorders, and intellectual disabilities.

### ***Body, Spine, and Wheelchair***

Represents physical disabilities affecting mobility, strength, or coordination, including spinal injuries, limb loss, and neuromuscular disorders.

### ***Shut Eye***

Represents blindness, low vision, and other visual impairments that affect perception, clarity, depth, or field of view.

### ***Dotted Outer Ring***

Reflects invisible barriers faced by people with immune conditions, chronic illnesses, or hidden disabilities.

### ***Purple Colour***

Symbolises disability awareness, inclusion, and advocacy, representing access, support, and empowerment.
